

WATERSHED RESOURCE CONSULTANTS, LLC
NATURAL RESOURCE AND SOIL SCIENCE CONSULTING

JOB OPPORTUNITY POSTING

Senior Project Scientist Position

March 22, 2024

Watershed Resource Consultants, LLC (WRC) is seeking a Senior Project Scientist to work in our Natural Resources Consulting Group. Position duties will include project management of a variety of environmental and natural resource related projects and working with a variety of client types and project stakeholders.

The successful candidate will have minimum of 5 years of experience with the following skills: wetland delineation, vernal pool documentation, stream delineation, lake and coastal delineation, soil suitability assessment, soil science, botanical surveys, and environmental compliance/inspection services. The position requires strength and experience in the following office skills: technical writing, data compilation and presentation, and permitting. The position requires proficiency in Microsoft Word and Excel. GIS and/or CAD experience is helpful. The applicant must be able to work long days in the field with little supervision, in a variety of land and weather conditions.

The position requires a bachelors level or higher degree in wetlands, soils, hydrology, ecology, wildlife biology, or natural resource science. Qualifications include holding any of the following licenses or ability to obtain within 1 year: Professional Wetland Scientist, Licensed Soil Scientist, Professional Wildlife Biologist, or Licensed Site Evaluator.

WRC is an environmental consulting company with offices in Orrington and Bar Harbor, Maine. Work requires travel within the State of Maine. WRC places a high priority on providing quality work and maintaining the highest professional and ethical standards. Pay and benefits commensurate with experience.

If you are interested in this position please send a resume to info@wrcmaine.com.

WRC is always looking for talented and competent people to join our team. If you are interested in submitting a resume please contact us.
